Readmission Expectations for Students Not in Good Academic Standing

Readmission is at the discretion of the Associate Dean for Undergraduate Studies. Dismissed students will not be readmitted prior to one year from the end of the most recently completed quarter. Students, who are dismissed for the first time, or withdraw while not in good academic standing, are eligible to return to UC Davis upon meeting the requirements outlined below.

Community College and UCD Summer Sessions Performance

If you plan to continue in engineering then you must complete the remaining lower division engineering requirements at a community college and/or UCD Summer Sessions. Please consult with your departmental academic adviser for the necessary courses to enroll in.

If you plan to change majors, then you must meet with an adviser from your intended major and complete the Pass-Through process (see instructions for Pass-Through at the College of Engineering website) to ensure that you receive the proper advising about which community college and summer session courses to enroll in. The Undergraduate Advising Office will also need to evaluate the academic plan for approval.

All students, regardless of intended major, must meet these minimum requirements at the community college and/or UCD Summer Sessions to be considered for readmission:

- **3.1 or better GPA in courses required for the major**
- **3.1 or better overall GPA**
- **All courses must be taken for a letter grade with no grades lower than a C-**
- **Minimum progress deficiencies must be resolved. University policy states that only courses passed in summer session at either UCD or another accredited school and transferred to UCD will count as units passed.**

Academic Plan

If the above conditions are met, then you must complete an academic plan approved by your departmental academic adviser and submit it to the Undergraduate Advising Office. If readmission is approved, then you must follow the academic plan. Please consult with your academic adviser if any changes need to be made. For those students who intend to change majors, the Pass-Through form includes an academic plan template. Bring copies of transcripts with courses taken at other institutions to your advising appointment so that advisers can help you select the appropriate courses and avoid duplication of credit.

Transcripts

Official transcripts from all institutions attended while on dismissed or withdrawn status must be submitted to the Undergraduate Advising Office. We must verify grade point average and units completed prior to readmission approval.

Readmission Expectations

All students who are approved for readmission, and are not in good academic standing, are held to readmission expectations. You must read and accept the expectations before readmission is approved.
