

# 2017 DISTINGUISHED ENGINEERING ALUMNI MEDAL NOMINATION FORM

## DISTINGUISHED ENGINEERING ALUMNI MEDAL

Founded in 1962, the College of Engineering at UC Davis has awarded more than 29,000 graduate and undergraduate degrees. Its success is due, in large part, to the strong support of alumni, friends, faculty, staff and students.

Each year the Distinguished Engineering Alumni Medal recognizes UC Davis alumni whose outstanding professional and personal achievements bring honor to themselves and the College of Engineering.

## RECIPIENTS ARE UC DAVIS ENGINEERING GRADUATES WHO MEET THE FOLLOWING CRITERIA:

- 10 or more years since graduation from the College.
- Record of outstanding professional or technical achievement in any of the following areas: academia, business and public service. Nominations are not limited to these categories, but should recognize alumni with overall high distinction in their field.
- Distinguished service to the College of Engineering, the engineering profession or the community.
- Significant contributions to enhancing the reputation of UC Davis.
